NATIONAL CONFERENCE ON E-KRANTI AND THE IMPLEMENTATION OF DIGITAL ECONOMY

ABOUT CONFERENCE

The National Conference on E-Kranti and Implementation of Digital Economy aspires to create a meaningful academic and policy dialogue on India's digital journey. By situating discussions within the domains of law, public policy, and research, the conference aims to develop a holistic understanding of how digital transformation can serve the goals of good governance and social justice. It emphasizes that technology, while transformative, must operate within the bounds of legality, ethics, and inclusivity. Through its sessions and deliberations, the conference will contribute to shaping India's roadmap toward a transparent, accountable, and citizen-centric digital future.

THEMES AND SUB-THEMES

Theme I: Legal Dimensions of E-Kranti and Digital Governance:

Sub-themes include:

- Legal frameworks for e-governance and digital administration.
- Data protection and privacy under the Digital Personal Data Protection Act, 2023.
- Cybersecurity, cybercrime prevention, and the evolution of digital justice systems.
- E-Courts and access to justice in the digital era.
- Legal recognition of e-contracts, digital signatures, and blockchain documentation.
- Constitutional dimensions of digital rights and freedoms.---

Theme II: Public Policy and the Digital Economy

Sub-themes include:

- Policy design and implementation of E-Kranti initiatives at the central and state levels.
- Digital inclusion and bridging the urban-rural digital divide.
- Governance innovation through AI, automation, and data analytics.
- Policy considerations in fintech, e-commerce, and digital entrepreneurship.
- Ethical frameworks for public data use and algorithmic transparency.
- Evaluating the impact of digital policymaking on democratic participation.

Theme III: Research, Innovation, and Digital Transformation

Sub-themes include:

- Impact assessment of E-Kranti programmes and digital public infrastructure.
- Interdisciplinary research in law, technology, and governance.
- Data-driven research for sustainable policy design.
- Digital literacy and behavioral change studies in public administration.
- Comparative research on international models of digital transformation.
- Academic-industry collaborations for digital innovation and governance.

Theme IV: Ethics, Rights, and Accountability in the Digital Era

Sub-themes include:

- Balancing privacy rights and state surveillance in digital governance.
- Digital access as a constitutional and developmental right.
- Ethical challenges in artificial intelligence and automated decision-making.
- Strengthening institutional accountability in digital administration.
- Role of civil society and academia in promoting responsible technology use.

NOTE: The Sub Themes are not exhaustive in nature; However, the themes denote the various chapters under which the edited book shall be published on.

OBJECTIVE OF THE CONFERENCE

The primary objective of the National Conference on E-Kranti and Implementation of Digital Economy is to foster an informed dialogue on the intersection of technology, governance, and law. It aims to analyze the manner in which E-Kranti has influenced administrative reform and improved public service delivery across India. By focusing on both the opportunities and challenges of digital governance, the conference seeks to promote a nuanced understanding of the legal, ethical, and policy dimensions that underpin this transformation.

All submissions including abstract must be sent to the official mail of the conference before deadline:
nationalconferenceekranti.sist@gmail.com

Publication Charges: Selected papers will be published in a separate Edited Book after the conference. Publication charges are additional and not included in the registration fee.

Payment Details: Payment instructions will be shared upon acceptance of the abstract/paper.

Note: The registration fee is non-refundable under any circumstances.
