TWO DAYS NATIONAL SEMINAR

on Reimagining law in the Algorithmic
Age – Power, Rights and Regulations

(Hybrid Mode)

6&7 | OCTOBER | SEMINAR
2026 | HALL

ABOUT KMCT LAW COLLEGE

KMCT Law College is a center of excellence in legal education affiliated to Calicut University and approved by the Bar Council of India. Established under the KMCT Group of Institutions, the college is committed to academic excellence, ethical values, and professional legal training.

The institution offers integrated BBA LL. B and B. Com LL. B programmes along with a three-year LL. B course. The college focuses on both theoretical and practical legal education through moot court training, legal aid clinics, seminars, case law discussions, and academic activities.

Modern facilities including a well-equipped library, computer lab, and interactive classrooms support the academic environment. The college also encourages leadership, social commitment, and holistic student development through various co-curricular and outreach programmes.

VISION

To develop socially responsible legal professionals with strong ethical values and a commitment to justice.

MISSION

To provide quality legal education that combines academic knowledge, practical skills, and professional excellence.

ABOUT THE SEMINAR

This seminar aims to discuss how technology and artificial intelligence are transforming law, governance, and society. Algorithms now influence education, employment, healthcare, banking, governance, and social media, raising important concerns regarding privacy, accountability, fairness, and human rights.

The seminar provides a platform for academicians, legal professionals, researchers, and students to examine the relationship between law and technology in the digital age. It encourages discussions on cyber law, digital justice, AI regulation, data protection, and online freedom.

By bringing together different perspectives, the seminar seeks to promote innovative legal ideas and responsible regulation that can balance technological advancement with constitutional values, ethics, and justice.

THEME

REIMAGINING LAW IN THE ALGORITHMIC AGE– POWER, RIGHTS AND REGULATIONS

Sub-Themes (illustrative not exhaustive)

- Artificial Intelligence and the Future of Legal Systems
