

Internship Program at CCLE

Title: Research Intern

Duration: One-month

No. of Positions- 2

Mode: Hybrid

Location: New Delhi

About the Centre

The Centre for Competition Law and Economics (CCLE) is an India-based law and policy think tank specializing in regulatory strategy, competition, and good governance. The Centre regularly provides legal representation, stakeholder management, media and policy research services to various public and private stakeholders. The Centre has advised the CCI, MeitY and the Department of Consumer Affairs, and collaborates frequently with industry and civil-society partners.

About the Internships

The Centre for Competition Law and Economics is known for doing some cutting edge work in the domain of competition law, tech policy and international trade. CCLE regularly collaborates with various governmental departments, corporations and civil society organizations on legal and public policy matters and assists them in adopting an evidence-driven approach to policy-making. The Centre is currently looking for two interns.

Eligibility

- The candidate should be in the final year of her registered programme
- Early stage candidates could be considered on a case-to-case basis
